Peek Inside the Book

It is the responsibility of scientists never to suppress knowledge, no matter how awkward that knowledge is, no matter how it may bother those in power. We are not smart enough to decide which pieces of knowledge are permissible and which are not. CARL SAGAN (1934-1996) Eben Alexander, *The Map of Heaven: A neurosurgeon explores the mysteries of the afterlife and the truth about what lies beyond* //

The word human itself comes from the same root as humus, earth. Eben Alexander, *The Map of Heaven: A neurosurgeon explores the mysteries of the afterlife and the truth about what lies beyond* //

Reader's Opinions

The Map of Heaven was awesome, here's why: Dr. Alexander takes the ancient Eleusinian mysteries (classicists aren't even sure what these entailed, I've always found them fascinating) and combines them with Plato's mysticism to make a stunning...

This book, for me, is definitely one of "the" books of our time! Heartfelt, revelatory and compelling.
