Reader's Opinions

One of the most important steps to succeed in Internet is to have the right content, on the right place and focusing the right customer. The good You will learn the nuts and bolts on content writing, so you can hook up your possible customers and improve your Web marketing and SEO. Covers from goal definition, through research, to...

This book is for total and complete content n00bs. I'm sure it's great if you have no idea what "content" is or how to do it properly, but if you already know and have the word "content" in your professional title, don't concern yourself.
