

# APPOINTMENT IN SAMARA

A part time job with the CIA is fun. That's what Martin Conley thinks until one day a dying KGB agent gives him information that changes his life. Conley sets off for the Wadi Hadhramout to retrieve the codes to a biological weapon that can wipe out America. A...

## Reader's Opinions

A Gatsby-esque exploration of life as a rich white dude during the depression. Appointment is an entertaining read and well written, but not a particularly life-altering book. I've drank my fill of the "privileged white-man has angst-attack" novels. Updike retired the form, imho.

Very close to the Great Gatsby. Same feel, just different character.
