

FOXY ON THE RUN

Jackson Carr. Wolf shifter. Bounty hunter. Jackson had a pretty good life. He hunted and chased people down and got paid for doing it! Admittedly life wasn't perfect. He still smoked too much, and jobs didn't come through regularly enough for his liking, and there was that thing about him never being allowed back to his pack for being too violent... but otherwise things were good. So why the hell did he feel so damn restless all of a sudden?...
