

WOODLANDS

Exploring the significance and history of woodlands on the British landscape, this book looks at such diverse evidence as the woods used in buildings and ships, and how woodland has been portrayed in pictures and photographs, reconstructing British woodland through the ages. Aimed at...

Reader's Opinions

I wanted to like this but I wasn't able to finish it. The start of the book was fantastic and I learned lots of interesting facts about trees and woodland. However this slowly turned into what I can only describe as the author writing everything here knows...
