Reader's Opinions

What I thought would be an interesting read was boring, repetitive and disjointed. The author talks about an Australian ruling class as a result of more university graduates over the last generation or so - a politically correct class who are taking over the country. That they are ruining the "lucky country" of Australia because of...

Read this after seeing it was on the holiday reading list of a number of our politicians. It both essentially references and updates Donald Horne's original "The Lucky Country" and...
