Reader's Opinions

I really enjoyed this Harlequin Blaze book by Carrie Alexander. I love the back story and character development. I love how Julian Silk, an up tight business man, falls for Mia Kerrigan, an artist. I love how they both become friends knowing that the chemistry between them will keep them from staying only friends. I love how Mia changes...

Mia Kerrigan is one adventurous heroine. She's a fun loving artsy free spirit. My favorite kind of heroine. Hot sex scenes, a fun plot, and interesting side characters make me wish there was more to the book. Probably deserves four stars, but I'll stick with three for now.
